

# cosla excellence awards

## **THE 2017 SHORT LIST**

Fifteen teams from across Scotland have made it through to the final stage of the 2017 COSLA Excellence Awards.

These projects, our Silver Award winners, are detailed overleaf.

Representatives from each will now be invited to present their application to the judging panel on 12 or 13 September 2017. COSLA will contact each team to help them prepare for this.

Silver Award winners will also receive complimentary tickets for the Awards Ceremony on 5 October 2017 at the Crieff Hydro Hotel, where the overall winners will be announced.

All applicants to the COSLA Excellence Awards will receive written feedback about their submission. Our finalists will receive this now, with all other applicants receiving feedback after the Awards Ceremony.

For more information about the Excellence Awards, the first place to look is our dedicated website. From here you can get all the latest news about the awards and previous award winners, including videos of the projects in action, and how to get in touch with the teams behind them:
